2024-01-11

Dear NeT User,

Coverage status has changed for a project / site under the CGP.

| NPDES ID | Form Type | Coverage Status | Operator | Project/Site Name | EPA Comment |
|-----------|-----------|-----------------|---------------|--|-------------|
| NMR10064F | NOI | Active | Maverik, Inc. | Maverik Albuquerque 2121 Yale Blvd. SE | |

Your Notice of Intent (NOI) requesting coverage under EPA's Construction General Permit (CGP) has been accepted and authorization to discharge under the CGP became effective on 01/11/2024 and will expire on 02/16/2027 .

Please note that this email does not represent a determination by EPA regarding the validity of the information you provided in your NOI or LEW. Your eligibility for coverage under this permit is based on the validity of the certification you provided. Your electronic signature on the NOI or LEW form certifies that you have read, understood, and are implementing all of the applicable requirements. An important aspect of this certification requires that you have correctly determined whether you are eligible for coverage under this permit.

The CGP requires you to have developed a Stormwater Pollution Prevention Plan (SWPPP) prior to submitting your NOI. The CGP also includes specific requirements for erosion and sediment controls, pollution prevention controls, conducting self-inspections, taking corrective actions, and conducting staff training. You must comply with any state, tribal, or territory-specific requirements in Part 9 (see <https://www.epa.gov/npdes/stormwater-discharges-construction-activities#cgp>).

A copy of the submission can be found [here](#).

If you have questions about this email or about NeT CGP, please refer to [NeT Support](#) or e-mail NPDESereporting@epa.gov for assistance.
