Under which criterion listed in Appendix D are you eligible for coverage under this permit? A. No federally-listed threatened or endangered species or their designated critical habitat(s) are likely to occur in your site's "action area" as defined in Appendix A of this permit

Provide the basis for criterion selection selected: Review was conducted by researching potential endangered species via the US Fish & Wildlife Service website and by researching Federal Register (Feb 19, 2003) and Federal Register (Aug 31, 2004) Site inspection also took place. Review of Federal Registers determined that endangered species are not present in the area. On site inspection also noted no endangered species were not present on site. US FW site was also reviewed. 1. Mexican spotted owl - nearest critical habitat is more than 5 miles away. The owl can also live all over the state and proved to live in all areas due to its adaptability. 2. Minnow, Rio Grande Silvery not on site.

1) Any federal listed species and/or designated habitat located in your area: N/A

2) The distance between your site and the listed species or designated critical habitat (in miles): N/A
