**Re: Juan Tabo Hills Unit 3A Grading and Drainage Plan
Engineer's Stamp 9-20-12 (M22/D015)**

Dear Ms. Hoelzer,

Based upon the information provided in your submittal received 9-21-12, the above referenced plan is approved for Preliminary Plat action by the DRB. At DRB, the DRB Chair provided comments on rear yard wall heights.

A later plan stamp date, 10-1-12 was submitted and approved by Hydrology and by the DRB. The later plan should be used for certification purposes.
