Re: **Intermediate Process Facility – (Glass Bldg)** **(P01-D 001)**
Drainage Plan for Building Permit Engineer's Stamp dated **9-29-2008**

Dear Ms. Jacobsen:

Based upon the information provided in your submittal received 9/29/08, the above referenced Grading and Drainage Plan is approved for Building Permit.

It is my understanding that even though this site outside the City of Albuquerque limits, by reciprocal agreement with Bernalillo County Building officials, building permits on City of Albuquerque owned properties are issued and administered by the City of Albuquerque. As such, a City Building Permit approved by this Hydrology Division will be required.

Please attach a copy of this approved plan to the Building Permit plan sets prior to requesting sign-off by the Hydrology Section.

Prior to Certificate of Occupancy approval, an Engineer's Certification of compliance with this plan is required to be submitted to Hydrology Division per the DPM.

If I can be of further assistance, please feel free to contact me at 924-3981.

Sincerely,

Gregory R. Olson, P.E.
Hydrology Section
