Dear Ms. Durkin,

Based upon the information provided in your submittal received 2/24/2020, the above referenced plan is approved to be included in the SWPPP and to apply for an ESC Permit/eNOI for Work Order with the condition that all past and present projects are to receive final stabilization prior to termination of the NPDES/City ESC Permit.

PO Box 1293

Albuquerque

The EPA documentation, the Contractor's LEW, is acceptable. However this project is not approved for earth disturbance and/or Work Order until a City ESC Permit and SWQ Information Sheet is filled out with the correct property owner information and submitted to the City for approval. *800-782*
