Subject: EPA NeT CGP Coverage Status: Active: Bobby Foster Blvd & University Blvd Improvements Ph. I, NPDES ID: NMR1003I5

2020-12-30

Dear NeT User,

Coverage status has changed for a project / site under the CGP.

NPDES ID	Form Type	Coverage Status	Operator	Project/Site Name	EPA Comment
NMR1003I5	NOI	Active	Guzman Construction Solutions, LLC	Bobby Foster Blvd & University Blvd Improvements Ph. I	

Your Notice of Intent (NOI) requesting coverage under EPA's Construction General Permit (CGP) has been accepted and authorization to discharge under the CGP became effective on 12/30/2020 and will expire on 02/15/2022.

Please note that this email does not represent a determination by EPA regarding the validity of the information you provided in your NOI or LEW. Your eligibility for coverage under this permit is based on the validity of the certification you provided. Your electronic signature on the NOI or LEW form certifies that you have read, understood, and are implementing all of the applicable requirements. An important aspect of this certification requires that you have correctly determined whether you are eligible for coverage under this permit.

The CGP and Common Plan Permit (CPP) require you to have developed a Stormwater Pollution Prevention Plan (SWPPP) prior to submitting your NOI. The CGP and CPP also include specific requirements for erosion and sediment controls, pollution prevention controls, conducting self-inspections, taking corrective actions, and conducting staff training. You must comply with any state, tribal, or territory-specific requirements in Part 9 (see <https://www.epa.gov/npdes/stormwater-discharges-construction-activities#cgp>).

A copy of the submission can be found [here](#).

If you have questions about this email or about NeT CGP, please refer to the [NeT Help Center](#) or e-mail NPDESereporting@epa.gov for assistance.

This is an automated notification; please do not reply to this email.
